Topic of Discussion:

- Discussed success of recent "Scam Jam". Technical difficulties but was deployed with at least 1 community member listening.
 - Pacer will be doing workshops for the High School- discussed if these should/could be pushed out by CTIC to extend resources to other community members/clients. Discussed putting link or information about the Pacer workshops on Clay Collaborative website w/in CTIC's portion of site. Decided not to add to website but Angela will share the information with CTIC members, and they can be dispersed as appropriate.
 - Clay Collaborative is not loading CTIC meeting minutes- decided it was okay until next fall when we hopefully will start planning Expo.
 - Angela collected data on student interest for Expo. Information will be shared with meeting minutes.
 - Discussed when Expo should be Spring vs. Fall. Melanie will reach out to college to learn their availability.
 - Carolyn Strnad retiring, will need to know who to send CTIC meeting minutes to after her leave.
